Barrier Solutions

You're in safe hands with KINGCATS

Welcome to KINGCATS, the Australian owned, market leader in the supply of quality solutions for temporary fencing and height safety. For over 20 years throughout Australia and New Zealand, KINGCATS has built a reputation for delivering an extensive range of smarter safety solutions, through superior product quality, backup and service. Whether you're in mining, civil, residential, government, industrial, commercial, maintenance or events industries, KINGCATS has the product range, knowledge and experience to manage your project from pre-planning to completion. We appoint a Client Manager to work closely with you to tailor a solution to suit your needs, someone who understands local compliance issues, someone who will help you meet your critical construction or event schedules saving your company costly delays and importantly, unwanted injury. All KINGCATS equipment is locally made and rigorously tested to meet the highest Australian standards and the toughest conditions. For all your temporary fencing and height safety solutions, don't compromise, talk to KINGCATS today.

**They provide a quick
and efficient barrier,
perfect for all situations.**

Why choose KINGCATS Crowd Control Barriers?

KINGCATS Crowd Control Barriers are used at events of all sizes, including major events such as the Sydney Olympic Games and the Commonwealth Games. Designed for use with large crowds, KINGCATS Barriers incorporate flat feet (to minimise the tripping hazard), they provide a quick and efficient barrier perfect for all situations and are environmentally friendly.

The system is ideally suited for use for sporting events, concerts, public gatherings, construction sites and any on site, designated area you need to divert or keep the public away from.

Barrier Size: 2.5 metres x 1 metre high

- 1
Ideal for events and major public gatherings
- 2
Easily deployed
- 3
Australian made and maintained
