## Stainless Steel Chain Link Fence For Garden Fencing

Chain link fences common types not only have galvanized chain fencing, PVC chain link fabric, but also include stainless steel chain wire fences. Stainless steel chain link fence is more durable compared with galvanized chain link, made of 201, 302, 304, 304L, 316 stainless steel wire.

### Weaving And Features:

Woven diamond pattern provides strong, durable and flexible construction. The closely spaced diamond mesh construction gives your fence linear strength and springy texture to protect horses from injury and prevent predators from entering paddocks and pastures. With stainless steel materials, it has alkali resistance, high temperature resistance and weather resistance, does not break, does not sag or roll up at the bottom.

### Stainless Steel Chain Link Fencing Specifications:

Wire diameter: 1.2-5mm;

Mesh opening: 1", 1.5", 2", 2.25", 2.4", 2.5", 4".

Fencing Height: 0.6, 0.8, 1.2, 1.4, 1.6, 1.8, 2.5m.
